

BOCCIA 2022

For students with disability

Entries are now open for the 2022 School Sport Unit Bocchia knockout.

Bocchia is an exciting sport, inclusive of all students with disability and played at all levels from school through to the Paralympics.

Our competition continues to grow each year, as schools realise how successful the sport is at empowering students and providing a representative pathway.

Each school may enter one team, of up to 9 players, and play for the chance to progress through to our state final in Sydney, to be held at the end of Term 2.

Registrations are now open!
