# Using the Primary e-Wall Chart

## Information for Classroom Teachers

Electronic or e-Wall Charts should be updated regularly throughout the 10 week Challenge so that students can track which award level they are heading towards, inspiring them to be more physically active to achieve a higher award.

During the registration process in the PSC Tracker ([www.psctracker.com.au](http://www.psctracker.com.au)) the principal or PSC facilitator designates a school login that all class teachers can use.

When logged in, select the **'School e-Wall Charts'** tab heading, found across the top, left of the page. This will display the school's class list as shown below:

The screenshot shows a navigation bar with tabs: Registration, School e-Wall Charts (highlighted), Staff e-Wall Charts, Facilitator Admin, Office Admin, PSC Admin, and Logoff. Below is a table with the following data:

All students in 3-6 can download/install the NEW PSC Tracker web app (<https://app.psctracker.com.au/>) on a desktop computer or mobile device and use it as their personal activity record keeper. The web app will automatically synchronise with the online PSC Tracker. For students planning to use the web app, their team code and PIN can be accessed by clicking the **'App Login Details'** button.

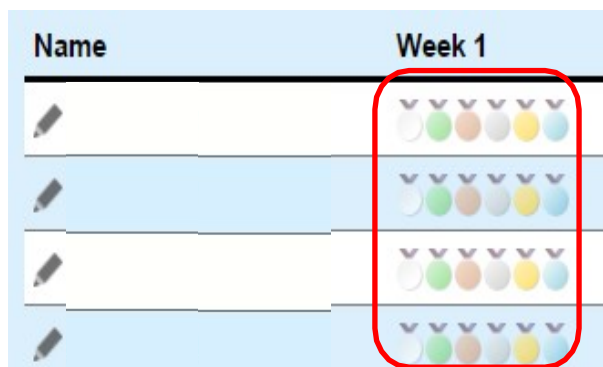

A new page will display a list of student login details. Teachers can download these logins using the **'Download CSV'** in the top right and perform a mail merge to send

them to students. For more information on the PSC app, please see our [PSC Tracker Web App guide](#).

Students in K-2 will only have the option to tick each week as all K-2 students automatically receive a gold award at the end of the Challenge. All 3-6 classes will have the options of bronze through to diamond award levels based on their activity time.
