Using the Primary e-Wall Chart

Information for Classroom Teachers

Electronic or e-Wall Charts should be updated regularly throughout the 10 week Challenge so that students can track which award level they are heading towards, inspiring them to be more physically active to achieve a higher award.

During the registration process in the PSC Tracker (www.psctracker.com.au) the principal or PSC facilitator designates a school login that all class teachers can use.

School Login

Enter your username & password to log into the Premier's Sporting Challenge weekly tracker.

Class teachers will need to acquire from their Facilitator the Username and Password to log into the PSC Tracker and update the e-Wall Chart for their class each week.

Note for Facilitators: School login credentials can be viewed at any time by navigating through the Registration Summary/Details on the Facilitator Admin page and selecting **'Edit'** beside the organisation username and password section.

Select an option below to edit your School Registration Details, or submit your final results.

Students in K-2 will only have the option to tick each week as all K-2 students automatically receive a gold award at the end of the Challenge. All 3-6 classes will have the options of bronze through to diamond award levels based on their activity time.
