

Using the PSC Tracker app

Information for the school PSC facilitator

The PSC app is free to download from either Google Play or the App Store. Search for **PSC Tracker**. The app acts as an electronic logbook for staff and secondary students participating in the Premier's Sporting Challenge.

Logging into the app on your phone requires a username and password. The school PSC facilitator can provide staff and secondary students with their team code (identifying their school group) and individual PIN code.

Team codes and PINs are obtained from the e-Wall Charts in the PSC Tracker (www.psctracker.com.au), by selecting the **App Login Details** button.

Team Name	On Track for	Students	
7A	No Award	2	View e-Wall Chart Edit Results App Login Details
8L	No Award	3	View e-Wall Chart Edit Results App Login Details

Select the **Print Login Details** button to print a sheet with both numerical entry codes and QR codes for each participant.

Using the PSC app

Information for the PSC app user

Open either Google Play or the App Store. Search for **PSC Tracker**. Open the PSC Tracker app and enter your team code and PIN, then enter.

On the home screen you can

1. click on the camera graphic to upload a photo
2. click on the activity tracker to enter details of your physical activity
3. click on challenge progress to see the award level you are tracking towards.

Weekly award levels will automatically synchronise with the online PSC Tracker.

Options

The app allows you to update or delete your entered activities. You can add activities as time based or number of steps taken, if using a pedometer. You can also opt to cease your ten week challenge and re-start it.
